

## SURE SEAL® GRAFFITI REMOVER TECHNICAL INFORMATION

**Product Description:** Sure Seal® Graffiti Remover is used specifically for the removal of graffiti from all surfaces. These include brickwork (painted and unpainted), concrete, various types of metal surfaces (e.g. galvanised, aluminium and steel) as well as timber and plastic (e.g. Perspex) surfaces. Due to its quick action, graffiti on painted surfaces can be removed effectively without causing undue damage to the paint underneath the graffiti. Removes residue left from spray cans, felt pen based paints and inks.

A summary of the features and benefits are as follows:

### FEATURES

Low Odour  
Fast Acting/Easy to Apply  
Easy Rinsing  
Multi-Uses

### BENEFITS

No unpleasant solvent fumes  
Removes all types of graffiti in 2-3 mins.  
Pressure washer or low pressure hand-held spray pump  
Works on numerous surfaces

**Mixing:** Ready to use product. Shake well-do not dilute.

**Application Methods:** Apply directly onto the affected area by brush or broom. Allow 2-3 minutes contact then rinse with pressure washer or low pressure garden water spray pump. Please note, it is recommended after using Graffiti Remover on painted services, a neutralizer/cleaner, such as Sure-Can-Clean water-base cleaner at 1-5% dilution rate, be applied to the substrate and then rinsed off thoroughly with water. The most important factor is to apply Sure Seal® Graffiti Remover to a DRY surface as water can reduce the effectiveness during the initial application.

**Coverage:** One litre will cover approximately 15-20 sq. metres depending upon the porosity of the surface to be treated and method of application.

### Quantities:

Supplied in 20 litre drums.

### First Aid:

**Ingestion:** If swallowed, DO NOT induce vomiting. Give a glass of water to drink. Seek urgent medical assistance.

**Eye Contact:** If material is splashed into eyes, immediately, flush with plenty of water for 15 minutes, ensuring eye lids are held open. If irritation persists transport to hospital or doctor.

**Skin Contact:** If material is splashed onto the skin, remove any contaminated clothing and wash skin thoroughly with soap and water. If irritation persists transport to hospital or doctor.

**Inhalation:** If inhaled, move victim to fresh air. Apply resuscitation if victim is not breathing.

**Protective Clothing:** Wear appropriate chemical resistant protective clothing including appropriate PVC or rubber gloves and goggles to protect eyes. See MSDS for further information.

**Handling & Storage:** Store in a cool place and out of direct sunlight. Store away from sources of heat or ignition or from oxidizing agents. Keep containers closed when not using the product. Store in original packages as approved by the manufacturer.

**Shipping Information:** This product has no UN classification. This product is a Scheduled S5 Poison. Not classified as a Dangerous Good, according to the Australian Code for the Transport of Dangerous Goods by Road and Rail (6<sup>th</sup> Edition).
